## DIPLOMAT IS IMPLICATED.

"Figaro" Publishes Montagnini Documents—Other Letters Printed in Paris Press.

(BY THE ASSOCIATED PRESS.—P.M.)

PARIS, April 5.—The "Figaro" continues its publication of the Montagnini documents. Among the papers brought out today is a letter implicating a diplomat. It sets forth that M. De Sieurs, the Minister of the Netherlands, to France, called upon Mr. Montagnini, said he wished to express personally his great regret at the conflict with the Vatican concerning which he had reflected at length.

"M. De Sieurs," writes Mr. Montagnini, "said France was becoming more and more corrupt and that she was being led by Free Masonry toward ruin or barbarous revolt. The Minister did not hesitate to avow to me that he was disgusted with the conduct of the French government toward the Holy See, that he had knowledge of its bad faith, which had been shown on every occasion, and that it had sought to trample upon the decency of diplomatic etiquette."

The "Figaro" publishes two letters from Count de Beauregard to Mr. Montagnini, saying the writer leaves from Mr. Cutilini that, except for M. Clemenceau's unkind words in May, 1906, M. Briand would have sent a charge d'affaires to Rome to open negotiations. Mr. Cutilini suggested that a committee of the French bishops be sent to M. Briand, but objection was made to the suggestion on the ground of keeping such a step secret.

And other trophies and cash prizes which will be offered are expected to invite a very keen competition throughout the irrigated lands of the West, which have already taken part in the contest.

## STUBBS TELLS OF HARD WORK.

Harriman System's Effort to Meet Demands.

Traffic Director Returns to His Headquarters.

His Tour Was to Counteract Result of Inquiry.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, April 5.—[Exclusive Dispatch.] J. C. Stubbs, traffic director of the Harriman lines, returned to Chicago today, after three months' absence in the Northwest and West, having been sent by Harriman everywhere he has a road, with the view of getting closer in touch with the public.

It has been Stubbs' effort to counteract, in a measure, the influence which the inquiry of the Interstate Commerce Commission had upon the Harriman system, and also to try to stem the wave of public sentiment in the Northwest, which has been setting strongly against the railroads.

Stubbs showed that the railroads are trying as best they can to meet the public demands.

Much information was given out regarding equipment and power, the amount of extensions and new tracks, and money expended by the Harriman system, during the last ten years, in the effort to discharge its public duty to the best advantage.

Two-Cent Fare MONEY-MAKER.

PROVES PAYING PROPOSITION IN NEBRASKA.

Preliminary Reports of Railroads Here, When Lines Were Operated Three Weeks Out of One Month, Under New Rate Law, Show an Increase—Officials Reticent.

(BY DIRECT WIRE TO THE TIMES.)

OMAHA (Nebr.), April 5.—[Exclusive Dispatch.] Preliminary reports of the Nebraska railroads of the month of March indicate increased passenger earnings, although three weeks of the month the roads were closed under the 2-cent passenger rate law.

According to an official of the Union Pacific, the passenger earnings of this road have shown an increase week by week for the past five years, including the month of March. The figures for the month of March are complete, but the officials are reticent, and refuse to give out the exact totals.

The further statement is made, however, that there has been a normal increase and no falling off for the weeks of March since the passenger rate law went into effect, March 7.

In the Burlington office, the statement is made that complete figures are not yet available, but that there is nothing to show a decrease in receipts. At the Northwestern office, it was stated there has been a decided increase in the number of tickets sold.

CANNOT CONTROL DEMURRAGE. COMMISSION SO DECIDES.

(BY THE ASSOCIATED PRESS.—P.M.)

WASHINGTON, April 5.—That the Interstate Commerce Commission is without authority to prescribe rules and regulations for reciprocal demurrage between shippers and carriers of interstate freight is the gist of an opinion rendered today by Commissioner Clark. The decision was based on the complaint of James B. Mason of the Chicago, Rock Island and Pacific Railway Company.

Asked for the appointment of receivers of interstate freight for all interstate roads, who should deduct from freight charges a reasonable sum per day as demurrage in all cases of delay in shipment.

Adopts Two-Cent Fare. HARRISBURG (Pa.) April 5.—Gov. Stuart today signed the bill making the maximum rate of fare for railways 2 cents a mile.

EXPECTS CZAR'S ABDICATION. Russian Official Asserts Whole Story Is Rubbish—Say Emperor's Mind Fails.

(BY THE ASSOCIATED PRESS.—P.M.)

LONDON, April 5.—The Daily Mirror claims to be in a position to announce upon "the highest authority" that the Emperor of Russia purposes to abdicate within a month and that Grand Duke Michael will be appointed regent during the infancy of the Czar.

For the past three or four weeks, the paper says, events in this direction have been proceeding with lightning-like rapidity in St. Petersburg, but the secret has been well kept.

"Lately," says the paper, "the Emperor's mind has given way even more completely, and he has shown himself incapable of performing the smallest duties of his rank."

The lower house of Parliament is to be abolished and there will be formed a military dictatorship with the object of stamping out revolution and putting an end to anarchy in Russia. The paper declares further that a marriage has been arranged between Grand Duke Michael and Princess Victoria of Schleswig-Holstein, and that the visit to London of the Dowager Empress of Russia was chiefly for the purpose of negotiating this marriage.

Count Beckendorff, the Russian ambassador to Great Britain, in an interview regarding the story published in the Daily Mirror, expressed surprise that there had been so much talk regarding the story, said, "It is all rubbish."

He did not believe them, but on the other hand, discredited the story entirely. Baron Sternberg, the Russian Consul-General here, when questioned regarding the story, said, "It is all rubbish."

## CRIMINALS ARE MOSTLY BOYS.

Seattle Police Chief Blames Crimes to Them.

Says Youths Commit Half the Burglaries.

Police Powerless to Cope With Young Bandits.

(BY DIRECT WIRE TO THE TIMES.)  
SEATTLE, April 5.—[Exclusive Dispatch.] Chief of Police Waples today declared that half the thefts and burglaries committed in Seattle within the past six months have been the work of children under the age of 15.

The chief admitted that the police are almost powerless to cope with the wave of youthful criminality that has spread over the city.

Three sons of prominent parents were brought before Judge Foster in the Juvenile Court this morning on charges of burglary, and he announced from the bench that he proposed to break up the range of boy criminals operating in Seattle.

The three boys in court today were less than 12 years old, but had committed three burglaries.

"The fact that so many children are turning criminals is due largely to their mothers," Chief Waples declared today. "The condition has reached an extent that the police department is almost powerless to cope with it."

DEFENSE GETS A SURPRISE.

WINNERS TELL OF LETTER.

(BY THE ASSOCIATED PRESS—A.M.)

CHICAGO, April 5.—The State today received a surprise upon the defense in the trial of Leonard Leopold and Howard Nichols, for the murder of Mrs. Margaret Leslie, the actress.

At the opening of the court today, State Attorney Short called to the witness stand a well-dressed woman who gave her name as Miss Philly Campbell of Indianapolis.

She testified that she had received from Nichols, about a week ago, a letter in which he had given her the name of the diamond rings which was found in his possession after the murder of Mrs. Leslie.

Nicholas took the stand in his own defense. He denied he had asked Miss Campbell to assume the name of Kimberlin, but admitted having written her a letter.

At the conclusion of his testimony the case was closed and the final arguments were begun.

SHOOT TWO SLAY SELF.

PARENTS-IN-LAW VICTIMS.

(BY THE ASSOCIATED PRESS—P.M.)

CHICAGO, April 5.—Albert Rhein, 50 years old, shot and fatally wounded his father-in-law, William Rommel, and his mother-in-law, Mrs. Minnie Rommel, and then killed himself.

Yesterday Rhein and his wife quarreled and she left him, going to the home of her parents. It was reported to Rhein that she had commenced proceedings for divorce, and he decided to kill his wife. He placed three revolvers in his pockets and went to the house in which the Rommels lived. Mrs. Rhein saw him enter and called to him from the back door. Rhein fired at her twice, but missed her. The other shooting followed.

At the hospital to which Rhein and his wife were taken, it was stated both will die.

ACCUSED OF MURDER.

GLOBE MAN ARRESTED.

(BY DIRECT WIRE TO THE TIMES.)

GLOBE, April 5.—[Exclusive Dispatch.] Albert Carkeet of Clinton Rapid was arrested today on suspicion of the murder of George Welsh, a miner of the mining camp at Pinto Creek, eighteen miles from Globe. It is thought Welsh was accidentally killed with a revolver while intoxicated. The coroner's jury so found, but an examination of the body yesterday, showed that the bullet penetrated the head when there was supposed but one. No motive for the crime is known.

ARRESTED FOR THREATENING.

FLORES MAY BE INSANE.

(BY THE ASSOCIATED PRESS—P.M.)

NEW YORK, April 5.—Mecore C. Flores, who came here from San Antonio, Tex., was arrested today on a charge of writing letters to the United States Pension Department, threatening to "deal with President Roosevelt" unless action was taken on a certain pension application. After an examination before the magistrate, Flores was committed to Bellevue for examination as to his sanity.

For some time past the Pension Department has been receiving a series of rambling letters from a man, all of which were signed "Mecore Flores." At the demand that "justice be done" in the case of his brother's claim for a pension, each was a bit more insistent than the preceding one, and finally it was announced that if no attention was paid to the claim, and the pension was not granted, he would go to the White House and if he did not get redress there he "knew what he would do."

SEEK GIRL'S KIDNAPERS.

THEY CARRY OFF CHILD.

(BY DIRECT WIRE TO THE TIMES.)

FRESNO, April 5.—[Exclusive Dispatch.] The whereabouts of Tess and Ethel Mallia, former circus performers, who, on Wednesday, March 27, kidnapped Hattie Moseley, the fifteen-year-old daughter of George Moseley, of No. 121 Ingo street, have not yet been learned. The Mallias came to this city from San Francisco five or six weeks ago. They induced the Moseley girl to come to their camp to help the women, offering her \$200. Two days later they disappeared. They left their camp near Fresno, going in a canvas-covered wagon driven by a negro. The father and mother of the child are wild with grief and anxiety and have offered a reward for information that will lead to her return. A negro was found today who saw the outfit on the country road headed for Madera. The authorities of the place are working on the case.

## HENRY AIMS HIGH.

(Continued from First Page.)

caught his second wind and had nothing to say.

AND RUEF IS HIT.

Next day something "dropped," and that something was the sixty-five indictments held in abeyance to await Ruef's confession.

It is believed by the prosecution that if it can secure a conviction against Ruef on one of the extortion charges, it will again be in a position to dictate terms to him for a indictment involving all the corporation magnates with whom he ever did business. That test trial is now before Judge Dunne and five veniremen have been temporarily passed.

ALLIAGED INDICTMENTS.

With a voice of certainty, the Chronicle announced that prominent Los Angeles men will be indicted either tomorrow or Monday. The Chronicle may be mistaken.

The list as given includes A. B. Cass, J. S. Torrance, F. F. Graves and Thomas W. Phillips. There will be one other whose name is not given.

It is stated by the Chronicle that some of the true bills have actually been drawn up, and are on file in the District Attorney's office.

Henry, according to De Young's paper, is merely waiting for the ends of the testimony to be nicely tucked in.

F. F. Graves has been subpoenaed as a witness. It is stated now that an indictment will take the place of the subpoena.

If the indictments are issued, as predicted, the men named will be brought at once to this city and arraigned. The bail is usually fixed at \$10,000 or \$20,000 cash, on each indictment.

People up here take a fierce and violent satisfaction in the Los Angeles cases which are given prominence over the misdoings of San Francisco law violators.

PREDICTIONS DIFFICULT.

All predictions as to the doings of the grand jury must be taken with a grain of salt. Henry, himself, merely announces this afternoon that "three indictments will be brought in against Pacific States Telephone officials and five against Home Telephone officials."

It is claimed by those close to the doings in this remarkable upheaval, that Henry really hopes to accomplish his end by bringing in three indictments against the telephone companies, which are now on trial. He is willing to let the restaurant cases drag along just as far as Ruef's lawyers will.

Judging from the methods begun by Attorney Aeh, it will be Christmas before any jury is selected.

## DECIDES AGAINST INSURANCE MEN.

NEW YORK APPELLATE COURT IS AGAINST THEM.

Justice Rendering Opinion Likens Suits Against Mutual Life Officials to Tweed Case and Says Fraud and Negligence is Gravamen of State Prosecutors.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, April 5.—[Exclusive Dispatch.] Five decisions were handed down by the appellate division of the Supreme Court today affecting the suits brought by the Mutual Life Insurance Company against the former officers, Richard A. McCurdy, Robert A. Grannis, Robert H. McCurdy, Charles H. Raymond and Louis Thibaud.

Richard A. McCurdy is being sued individually in two suits to recover in one \$275,000 and in the other for an accounting of all the disbursements made or permitted in his name as president of the company.

In all the suits the defendants sought to have stricken from the complaints certain allegations or to make them more explicit. Justice Bischoff, in the lower court, overruled these motions and has also been overruled in the suits brought by the Mutual Life Insurance Company against the former officers, Richard A. McCurdy, Robert A. Grannis, Robert H. McCurdy, Charles H. Raymond and Louis Thibaud.

# THAW'S TRIAL WILL PROCEED.

Summing Up of Defense to Begin Monday.

Jerome Decides Not to Apply for Mandamus.

Will Press Case Forward to Early Verdict.

(BY THE ASSOCIATED PRESS.—P.M.) NEW YORK, April 5.—The trial of Harry K. Thaw will proceed on Monday, when the defense will begin its summing-up to the jury. District Attorney Jerome decided late today not to apply to the appellate division of the Supreme Court for a writ of prohibition or mandamus to halt the trial. He reached this decision, it is said, after a consultation with eminent counsel.

Jerome may argue briefly on Monday morning against the confirmation of the report of the lunacy commission which declared Thaw to be sane, but he is aware that Justice Fitzgerald's disposition is to confirm the report, which was unanimous.

The District Attorney has many witnesses still under subpoena, but it is said he has decided not to call them, and will press the trial forward to an early verdict, or what is regarded more likely, a disagreement in court some weeks ago that each side was to have one day for summing up. It was learned tonight, however, that Thaw may speak for two entire days. If he wishes this to be, it will undoubtedly be granted to him.

Jerome has stated that this summing up would not require more than three or four hours.

He has expressed the desire to make his argument without any sort of interruption for a luncheon, recess or adjournment. He will ask the jury to render its verdict in the first day.

No reference will be made or allowed on either side as to the appointment of the lunacy commission or the nature of its findings.

Jerome will claim Thaw was sane and knew the nature and quality of his act when he killed Stanford Whitely, and to know that the act was wrong, and in violation of the laws of the State of New York.

Regardless of his expressed personal conviction in the matter, Jerome told the court yesterday that it will be his duty to press the prosecution to the limit. It is thought that a verdict may be reached on Thursday.

## ST. JOHN ONE OF TRAITOR GANG.

COLORADO ANARCHIST IS RING-LEADER AT GOLDFIELD.

Fate of Paulsen May Also Be Portent of Red-Flag Disciple Who Made Great Grow in Streets of Cripple Creek.—Developments at Nevada Camp.

(BY DIRECT WIRE TO THE TIMES.) GOLDFIELD, April 5.—[Exclusive Dispatch.] Vincent St. John, one of the Colorado anarchists, who was arrested at the same time as were Meyer, Haywood and Pettibone, is the ringleader of the gang who outraged the American flag in Goldfield last Sunday, and who declared to a coterie of outsiders on the street that he "had made the great grow in the streets of Cripple Creek and would do the same thing in Goldfield."

Dr. Paulsen, who blessed Old Glory in the street, was also arrested.

San Francisco Anarchist Tells of the Fetter That Fed Him.

(BY DIRECT WIRE TO THE TIMES.) SAN FRANCISCO, April 5.—[Exclusive Dispatch.] "I have read all Jack London's books," was the brief but satisfactory explanation made by Paul C. Paulsen, as he left the Alameda County Jail this morning to be tried for deportation as an anarchist.

Paulsen was expelled from the San Francisco Caman Workers Union three weeks ago for declaring that the United States flag is only fit to trample in the dirt and that the only flag he respects is the red flag. He was promptly put in jail and was tried this morning before a special board appointed by the Immigration Commissioners. They will forward a sealed report to Washington.

Coupled with Paulsen's statement that he is a follower of Jack London, comes a news item that Jack London has just returned from "investigating" labor conditions and talking with miners at Goldfield, where so many attacks were made on the flag.

California will not soon forget Jack London's speech in the streets of San Francisco two or three years ago in which he declared "To hell with the United States government."

London is about to start on a tour around the world in a four-masted boat. Immigration officials might do well to investigate the real purpose of his voyage.

Incidentally, if any friend of the government has a good healthy hurricane that is not working, he might give it a shot.

San Francisco, is ordered examined for deportation. Something of that sort is very likely to happen to St. John. Joseph Smith, now in jail, as an alleged accomplice in the murder of John Silva, is an alien in the same class.

Harper and Gilkerson, members of the I.W.W. party, who assaulted John Shea, night watchman at the Daly mine, have been arraigned before Justice Solomon. Harper was discharged, and Gilkerson is bound over accused of assault with intent to kill.

Allen, the worst of the lot, has not yet been apprehended. It is significant that the attorney for these toughs is Hango, who was the legal counsel of the rioters in Cripple Creek, and is retained to defend Preston and Smith of murder fame.

A special train will take a big crowd from Goldfield on Sunday to Tonopah, where the American Federation of Labor, warring against the I.W.W., will hold a public demonstration in the Elmer Pavilion.

Organizer M. Grant Hamilton, a type from Denver, will be the principal speaker. The Goldfield Building Trades Council has resolved itself into a federated trades council, admitting all recently-formed American Federation unions into its councils. The original trades council to maintain its identity, and both councils to be under the leadership of American Federation body, delegations of five members each to be sent from the several locals.

United States Senator Nixon, one of the heads of the "Fifty Million Dollar Consolidated Mines Company," speaking of "It is a deplorable anomaly that the miners of all men, are idle in Goldfield. Everybody else is working. It is too bad that the miners who have done such good work in the past, and whose services have been eminently satisfactory to owners and operators should be falling into the hands of the unscrupulous leaders, and be compelled to loaf or leave the district."

## CAPITALIST IS MUCH ENRAGED.

SAYS THAT YOUNG WOMAN HAS DESIGNS ON HIM.

Threat to Print His Letters Called Blackmail—Asks for Complaint, but This Is Refused—Says Effort May Be Made to Extort Large Sum from Him.

"As a receipt for \$50, I will return to you letters received from you. If you fail to accept this offer, I will take steps to have these letters published. This offer is open until August 1."

This letter was received yesterday by W. H. Wood, a Hartford, Ct., capitalist, who is visiting his daughter, Mrs. A. E. Brewster, of No. 671 Moulton avenue. He says that an attempt is made to extort money from him, and he is very angry.

With his daughter he called on the Assistant Prosecuting Attorney yesterday and asked for a complaint, charging a young woman named Miss Harmon of Los Angeles with blackmail. He alleges that she is the author of the letter which bears his signature.

Mr. Wood says his life has become a burden since he received the strange letter. He admits that he knows the young woman, but says he has never said her any attention, and denies that he has written love letters to her.

He was insistent, yesterday, in asking for a complaint, declaring that he is the victim of a designing person, and that she is the author of the letter.

Mr. Wood states that the claim for \$50 is for the care of minor children of his daughter, who has been ill for some time. He is alleged to have written to Miss Harmon in absurd.

## "I'M NOT AFRAID."

"I've never written letters to that woman," he declared yesterday. "What would I want to write to her for? That threat of publishing my letters doesn't scare me a bit. Let her go ahead and tell all I'm not afraid."

"An attempt is being made to blackmail me. I'm from the East and I'm not used to your Western ways. If I was onto the ropes I guess I could get a complaint soon enough. This is pretty fierce when the law takes no cognizance of a clear case of blackmail."

The Eastern man is about 50 years old. He is well dressed and carefully groomed. He says he has no use for "designing females."

The authorities may consider the case further today.

## U.S.C. MAY GO NORTH.

Team Members to Decide Question If Berkeley Is Willing—Only Few A.A.U. Entries.

Only a few of the U.S.C. athletes will participate in the A.A.U. meet to be held April 20 on Boyard Field. The majority of the team have been in training for such a long period that they prefer to let go and devote all their attention to studies. Coach Holmes has left the matter entirely to the choice of the men, and those who prefer not to keep in condition will not be asked to do so.

It is certain that Charley Parsons will be in the meet, and Helger and Shute will also be in all the field events, in all probability. These events, in all probability, these events

tries will give the methodist university an even break or better for securing her share of points in the amateur contest, and it may be that a few others of the crack team may enter, even though they do not keep in rigid training for the next few weeks intervening.

The athletes also are to decide whether the team shall go to Berkeley to compete with the California team April 12. This they are in favor of doing, and Holmes stated Friday that the team would certainly go North, unless the Berkeley men should express a desire not to hold the meet. It is the opinion at U.S.C. that California is not extremely anxious to hold the meet since the outcome of the U.S.C.-Stanford contest here last week.

## TRACK RECORD BROKEN.

Monicrat Touts Fast Exhibition at Riverside—Binder's Main Kinsler Sprains Ankle.

(SPECIAL CORRESPONDENCE OF THE TIMES.) RIVERSIDE, April 5.—In a spectacular burst of speed at the matinee race meet at the Riverside Driving Park, today, the local track record of 2:18 1/4 was reduced to 2:14 1/4 by F. P. Ogden's Monicrat. The record was formerly held by W. A. Hay's Lauretta. The new record was made in an exhibition mile, which took the place of a trotting race between Monicrat and Main Kinsler, owned by E. F. Binder. Binder's colt sprained its ankle in the first heat, and the exhibition mile was substituted for the trotting race. Monicrat is a big black stallion that has never made better time than 2:23. A novelty race to see who could drive a mile nearest to three minutes was won by Emerald, owned by A. B. Miller, in 2:51. In the other events of the meet the results were:

The 2:25 mixed—Won by Tim Crowley, owner, F. A. Ramsey; time, 2:48. Owner, Axel Nelson; time, 2:54. 2:25 1/4, Second, Harry H.; owner, Pete Beatty.

The 2:35 trot—Won by Tom McKinney; owner, Pete Beatty; time, 2:34. 2:35 1/4, Second, Marigold; owner, J. T. Garner.

The Riverside Driving Club presented to the winner of each race a blue ribbon, and to the second horse a red ribbon.

Col. Prescott, F. D. Lewis and J. H. Thompson officiated as judges; H. G. Stanley as starter; W. A. Hay, T. E. Noland and A. J. Staller as timers, and W. L. Scott as clerk of the course.

## OPERATOR MURDERED.

PUEBLO (Colo.) April 5.—A special to the Chiefless from Scott City, Kan., says:

Between 10 and 11 o'clock last night a shot rang out from the depot of the Missouri Pacific Railroad, and around the proprietor of the hotel near by. Upon investigation it was found that Operator Kirchoff had been murdered in cold blood by some unknown person.

The body was found in the door between the office and the waiting room. The hotel man who discovered the body at once notified the day agent, and he came to the scene, but no clue could be found to the murderer.

It is thought that robbery was the motive, but that the murderers were frightened away by the quick response to the shot.

## BALL SEASON BEGINS TODAY.

Big Auto Parade Will Precede the Contest.

Van Halten Arrives Safely With Oakland Team.

Nagle and Randolph Selected as Pitchers.

This is the day. At 3 o'clock sharp this afternoon the long season of the Pacific Coast League will begin and the local fans will have the first chance to taste the kind of baseball that will probably come for the next seven months. Everything looks favorable on paper and from what we know of the Los Angeles team, it is in a position to hold its own with the others.

Everything is arranged for the opening and all the fans will have to do is to go and see the game. The Oakland team arrived here yesterday afternoon in good condition and Manager Van Halten says he is well satisfied with the showing the men have made so far and that he thinks he has a stronger team than he had last year. He brought down fourteen men and as Catcher Tom Hackett has been here several days, the Oakland will march on the field with fifteen players. The team consists of Van Halten, Reddy, Devereaux, Jimmy Smith, Haley, Cates, Hotchner and Hackett of last year's team and six new men. These are Truck Egan, formerly of Fresno; Pitcher W. Hogan, who was with the team two years ago, but refused to play last year; Pitcher R. Reed from the Utah State League; First Baseman George Hight of Lynn (Mass.) team; Pitcher W. Wright of the Bloomington (Ill.) team and Outfielder J. Hasey, who was traded by Omaha for Buck Franca. Catcher Bliss is training the Berkeley ball team and will not come south for this series, unless Hackett is hurt.

There is to be a big automobile parade as a curtain-raiser and this is scheduled to start from the City Hall at 1 o'clock, headed by a band. It is said that every one in the parade is an auto will be admitted free to the grounds and one feature of the parade will be a large number of shriners in costume. The parade will go south on Broadway to Seventh, thence to Main street, thence north to the Temple block and down Spring street and thence out Main to the Chutes.

The game will be called at 3 o'clock, with Bill Feltz as the umpire. The line-up is announced as follows: Oakland. Los Angeles. Hackett, catcher. Hogan, first base. Dillon, second base. Devereaux, third base. Jud Smith, shortstop. Dagan, left field. Carlisle, right field. Van Halten, center field. Cravath, right field.

## PASADENA TEAMS BUSY.

TWO CONTESTS TODAY. PASADENA, April 5.—The Troop team will meet the team from Harvard School of Los Angeles on the Raymond grounds tomorrow afternoon. The local players have been putting in a lot of practice lately, and confidently expect to defeat the cadets when they cross bats. The team work of the Troop boys is particularly strong, the men having worked much together of late. Both the in and outfields are in fine shape, and the batting average of the team is high.

The High School team will go to Los Angeles tomorrow afternoon to meet the Los Angeles High School ball team. The High School boys hope they may be able to add to their laurels, although they realize that they are going up against a bunch of crack players.

## GIANTS REACH HOME.

M'GRAW MUCH PLEASED. (BY DIRECT WIRE TO THE TIMES.) NEW YORK, April 5.—[Exclusive Dispatch.] After a long trip to the Pacific Coast for their spring practice the New York Giants arrived home safely yesterday evening in a special car.

John J. McGraw today said it was the best training trip that he ever made with a baseball team. The Giants, he says, are in the best of condition. He told everybody to take a look at them to be convinced and then look the breath out of all the friends who had come to the station to welcome the pilgrims, by announcing that anybody who could come could come right along with the team to the Polo grounds and see the men practice.

**Santa Monica Game.** The Santa Monica and Hoegge baseball teams will play a game on the grounds at Santa Monica Sunday afternoon. Saturday's attraction will be a game between the Santa Monica and Whittier High School teams.

**GOLF AT ANNANDALE.** Club's Opening Tourney Will Be on Next Week and There is to Be a Big Entry List.

(SPECIAL CORRESPONDENCE OF THE TIMES.) PASADENA, April 5.—The Annandale Golf Club's opening tournament, which was postponed on account of the rains, will be held April 10 and 11. If the weather is good, there will be assembled a notable lot of players, and some play will be witnessed which may set a new mark for California. The Annandale links are said to be among the best in the world, and under favorable conditions some notable scores should be made. There has been great interest shown in the tournament, and some of the leading players of the Southland have already signified their intention of playing. Some of the best amateur players of the East are here, and nearly all of these will turn out for the play.

## TRIAL IS CONTINUED.

Smathers and Billings Testify in Court Regarding Gold Cup Scandal at Memphis.

(BY THE ASSOCIATED PRESS.—P.M.) NEW YORK, April 5.—The defense in the case of the Memphis Trotting Association against Elmer E. Smathers for the possession of the gold cup won by the Smathers horse, Major Delmar, from C. K. G. Billings's horse, Lou Dillon, at Memphis, October 18, 1934, was continued today.

Both Mr. Smathers and Mr. Billings were on the stand today. Smathers declared the story to the effect that he had made offers for the druging of Lou Dillon were untrue. He denied absolutely the story told by Ed Saun, his former trainer, who said that Smathers had instructed him to find

## NOTED BASEBALL FIGURES IN LOS ANGELES TEAM.

out if it was possible to have Lou Dillon beaten in the race and that when he replied that he could have it done for \$10,000, Smathers replied that he would not pay more than \$5000. Mr. Billings testified that his mare seemed to be in proper condition until the quarter post, but when he touched her with the whip she did not respond as was her habit, but began to dismount. He denied positively that he told any one on the day of the race that his mare was sick and had been for several days.

When Billings left the stand the defense recalled Mr. Hammond, Berkeley University, St. Mary's and Santa Clara colleges. Coach Haggerty received word from the manager of the St. Mary's team saying that as the local boys made such a good showing against the northerners while they were down here, a game between these two college teams would make a good drawing card up there. Everything has been arranged for games with the St. Mary's boys, and St. Mary's has practically consented to schedule a game.

The only thing that Coach Haggerty is awaiting is an answer from the State school manager and Santa Clara, hoping that they will also come through for at least one game. If everything turns out the way the Saints wish, the team will start about April 12 and will remain in the North until they finish the schedule, about April 20.

Immediately on St. Vincent's return they will meet the southern Intercollegiate team by meeting Pomona College at Claremont.

## MCGOVERN RECOVERS.

Physician Believes He May Enter the Ring Again—To Pass Summer on Farm.

(BY DIRECT WIRE TO THE TIMES.) STAMFORD (Ct.) April 5.—[Exclusive Dispatch.] Terry McGovern, looking hale and hearty and weighing 142 pounds, left a sanatorium here, this afternoon, and his physician, Dr. A. G. Givens, says that, judging from the state improvement he has made during the last four months, it is quite possible that he may be able to enter the ring.

Terry himself is delighted at the prospect of getting back to his friends in New York, although he says he will not stay there long. He is going to pass a summer on a farm.

### BOXING CLUB FOR MEXICO.

Weird Tales Wafted Up from San Diego Way.

Law Prohibits Prize Fights in Baja California.

Promoters May Have Found Way to Avoid.

Weird tales are wafted from San Diego that fight fans are investigating the possibility of a prize fight in Baja California.

The laws of Mexico prohibit prize fights, but those who are interested in the sport have found a way to get around the statutes. It is proposed to take out a license to conduct some kind of a show thus securing the authority to pull off the fight.

It is said that the license will cost the promoters \$100, and that the amount of the club for each occasion likely will be \$300, thus entailing an initial expense of \$400. However, it is figured that the big prize may result in boosting the country, a la Nevada, and it is believed the officials will be satisfied with the plan as proposed.

RIDLAND, N.D., April 5.—The first annual sports day of the Redlands public schools will be observed tomorrow with an all-day meet on the High School campus. The students are asked to assemble at 9 o'clock. At 9:30 there will be a massed calisthenic drill and this will be followed by a number of events of both boys and girls.

Events for boys will include fifty-yard dash, running broad jump, standing broad jump, baseball throw, mile relay race. For the girls there will be a twenty-five-yard dash, skip rope, basketball throw, basketball ball throw. There will also be a presentation of prizes for the forenoon events. The afternoon will include a girls' basketball game, boys' basketball game, tennis, and a game between the boys' teams of the Redlands and Colton High schools.

This meet has been a success for Rufus W. Gilbert, physical director of the Y.M.C.A., and during the day he has been assisted in various capacities by the teachers, directors and High School students. One hundred and forty boys have entered for events, and 112 girls have entered.

## STAYS NEAR DOCTOR.

MCGOVERN CLOSELY WATCHED. (BY THE ASSOCIATED PRESS.—P.M.) NEW YORK, April 5.—Sam Harris, McGovern's former manager, said today that although McGovern had left the sanatorium at Stamford, he has been engaged for him in that city and he will visit the sanatorium daily and continue to be under the observation of Dr. Givens. He will be subject to no restraint, however.

Larrie said the doctors went to the sanatorium at Stamford, looking for McGovern, and found Terry much improved but not entirely recovered, and recommended that he remain at the sanatorium for a few months. Mrs. McGovern, however, insisted that he be allowed to leave and as he was never committed by a court it was decided to engage the cottage.

## ATTALL'S MAD RUSH.

ASSAULTS SULLIVAN. (BY DIRECT WIRE TO THE TIMES.) NEW YORK, April 5.—[Exclusive Dispatch.] Abe Attell, the featherweight champion, and Tommy Sullivan, the boxing instructor of the Missouri Athletic Club of St. Louis, who is the only fighter that has ever knocked Attell out, nearly came to blows in Attell's dressing room at the National Athletic Club of Philadelphia on Monday night. Sullivan went in to challenge Attell, and as soon as the latter saw him he made a rush for Sullivan, and it took Al Lippe and some bystanders all they could do to stop Attell from punching Sullivan.

"Spike" Robson and Abe Attell each received \$1500 for their six-round bout in the Quaker City. Before Attell went to the clubhouse he wagered \$1000 of his money against \$1100 that Mayor Dunne would be re-elected in Chicago. As Dunne was defeated, Attell lost his money, and consequently only got \$200 out of his fight.

## CHICAGO MAY BE OPENED.

NEW MAYOR FAVORS BOXING. (BY DIRECT WIRE TO THE TIMES.) CHICAGO, April 5.—[Exclusive Dispatch.] Boxing will reopen in Chicago. But when is what the hungry promoters are asking blankly of each other. Some would believe it will be soon. Others think the autumn will see a resumption of the game in this city, and then only in a limited way, with the fight of the elite.

The old Springfield-Essex confederacy that operated the Star of Boxing fight secured an option on the Dexter pavilion at the Stockyards. Several other boxing promoters are figuring on suitable accommodations for the prospective shows. The attitude of Mayor-elect Bush is favorable, according to Charles Esig, who said tonight: "Some time before the election I went to Mr. Bush and asked him what he intended to do about boxing if he was elected Mayor. He told me that he favored the sport if it could be shown to him that it would be conducted in an honest, careful manner."

Then it was that he showed me the draft of a bill that would be presented to the Legislature, and after looking it over I suggested that we should have the same plan or scheme under which the six-round no-decision bouts were conducted in Philadelphia.

"He said that was about the correct idea, and that he would do all he could to push such a bill through."

EXTRADITIONS ARE ATTACKED.

NEW TRIAL IS ASKED FOR GREENE AND GAYNOR.

Attorney for Defense Claims That Prisoners Were Procured by Violation of National Honor—Declares Defendants Were Not Fugitives from Justice.

(BY THE ASSOCIATED PRESS.—P.M.) NEW ORLEANS, April 5.—A new trial was asked for Greene and Gaynor today. P. W. Midrilm of the defense made the closing argument for his clients in their appeal to the United States Circuit Court of Appeals.

This was the first day of argument. Midrilm claimed that the extradition of the national honor was done in violation of the national honor.

He repeated the claim of the defense that the extradition should be set aside, while Greene and Gaynor were in custody, which was a conspiracy, which was a violation of the national honor.

As for the two other defendants, Midrilm claimed that they were not fugitives from justice, but were prisoners of the national honor.

### TROOPS AWAIT CALL TO ARMS.

Lorraine Strikers Sullen, but Quiet so Far.

Over Four Hundred Non-union Men Arrive.

Many More Expected Within Next Few Days.

(BY THE ASSOCIATED PRESS.—P.M.) LORRAINE (O.) April 5.—There are serious provisions for trouble in the Lorraine strike. Company B, Fifth Infantry, O.N.G., is assembled in the armory and the company is being put through a firing drill by Capt. Gove. The captain has been notified to be ready to go out at a moment's notice. There has been no disorder on the part of the strikers today. They are in a sullen mood, however, and the authorities fear that trouble will occur.

Capt. Gove wired Adj.-Gen. Critchfield, saying that he believed the situation to be serious and recommended that two or three companies of the local militia company be sent to Lorraine. The Adjutant replied that he was keeping in close touch with the situation and will cooperate with Mayor King in maintaining order. The mayor expressed the belief that the local police will be able to cope with any further disturbance.

Fifty deputy constables were on duty in the armory today. The strike-breakers from the West arrived this afternoon. A large number of strikers were present, but beyond hooting and cheering there was no demonstration.

The Adjutant General ordered Brigadier Spitz, who is now in Cleveland, to proceed to Lorraine and report on the situation.

Mayor King telephoned the Adjutant General from Lorraine at 9 o'clock that the situation was critical.

# The Beautiful "Redondo Villa Tract B" The Beautiful

## Only \$90 Per Lot \$4 Down, \$4 Per Month No Interest, No Taxes

FREE ROUND TRIP TICKETS from Los Angeles to Redondo and return, on cars going every 20 minutes, every day, are given away at our office absolutely free upon application. Also Free Automobile Ride at Redondo.

Large level lots, 60x120 feet. Rich Soil, Pure Water, Fine Climate. All lots, including corners, are priced—\$90 per lot—no more, no less. You know what you have to pay—\$90 per lot—no more, no less. At Redondo over \$2,000,000 has already been expended in road and substantial improvements. The beautiful "Redondo Villa Tract B" is on the Camino Real (King's Highway) boulevard connecting Redondo with Los Angeles. We have just bought this beautiful tract for \$121,000, and believing in the future of Redondo, we are now offering it at a profit of 25 per cent. within one year, as per our written agreement.

Go down to Redondo and see for yourself. At Jefferson street and Grand avenue see the immense stacks of heavy steel rails for the double-tracking of the present two electric lines of the Los Angeles and Redondo Railway Company. The rails are arriving daily. Dirt is now flying. Better buy now. Then there's the Los Angeles-Pacific Railway Co.'s electric line to Redondo, the broad-gauging of which will soon occur. And in addition to the above three electric lines now running to Redondo, the great Santa Fe steam railroad, with four lines of transportation it would seem as if same would be sufficient, but surveys are in the field laying out the shortest line of all to connect Los Angeles with its choicest seashore suburb—Redondo.

An suburban electric railroad is now nearing completion at Redondo. The grand three-story business block of Mr. W. M. Garland at Redondo is just finished. Follow successful men like Mr. Huntington and Mr. Garland—they know that Redondo is a safe place to invest in. Buy anywhere around Redondo and you are sure to make large profits. Three commercial wharves. A safe harbor by twenty years' practical test. Redondo is permanent and has just begun to grow. Then again, Mr. Edwin Chambers, the far-sighted General Freight Agent of the Santa Fe; Mr. George H. Peck, the successful banker of San Pedro; Mr. John J. Byrne, the capable General Passenger Agent of the Santa Fe, and Dan Murphy, the millionaire operator of Los Angeles. A word to the wise is sufficient.

Remember that your purchase is made with the distinct understanding that you will refund all money paid us, with 6 per cent. per annum interest added, if after visiting the "Redondo Villa Tract B" it is found that we have misrepresented our proposition in the slightest particular.

### 25 Per Cent. Guaranteed Increase

For \$4 down and \$4 per month until paid for we sell you a "Redondo Villa Tract B" lot for \$90, subject to the following guarantee from HOME: If at the expiration of one year from purchase this \$90 lot is not worth \$112.50, or 25 per cent. increase—based on the price at which our corps of salesmen will then be selling similar lots, we will refund all of the money you have paid us, with 6 per cent. interest additional. If you should die at any time before payments have been completed, we will give to your heirs a deed of the lot without further cost. If you should lose employment, or be sick you will not forfeit the land, but as each written certificate of sickness or non-employment is received monthly your time for payment will be extended another month.

### Our Restrictions

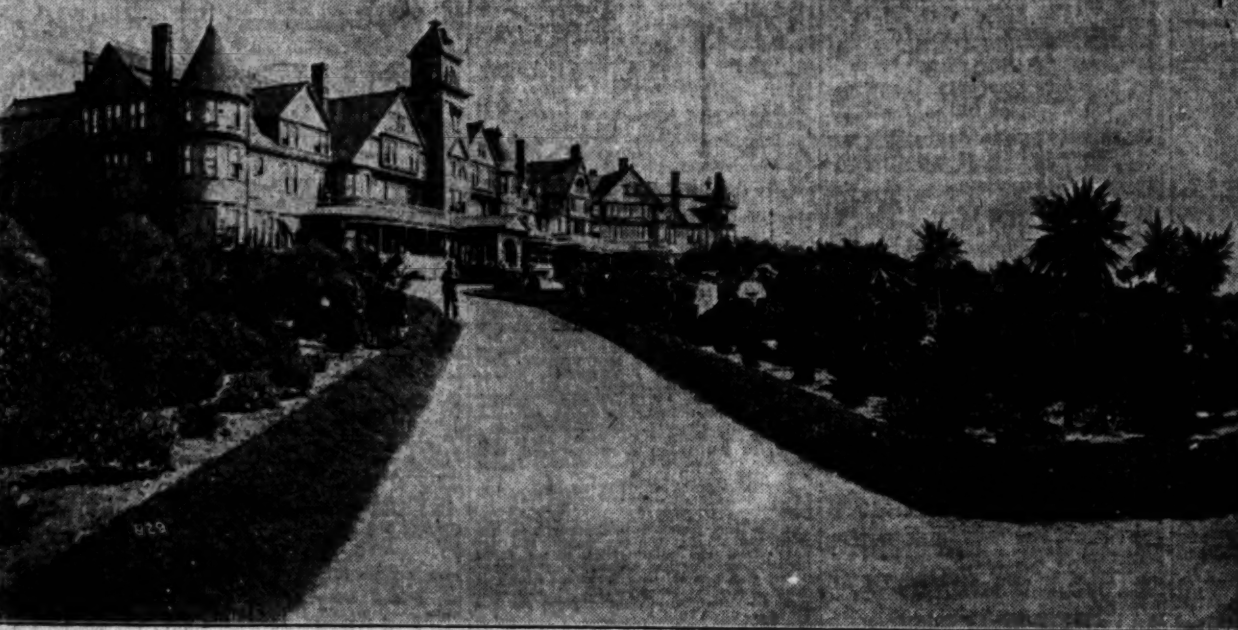

No saloons, no gambling, no factories. Purchasers are not permitted to build, but if they do they must erect attractive looking houses, there being no "dollar houses." We leave it to each purchaser to build a pretty looking house, which must be neatly painted, as we know that for a moderate sum one can now build a very pretty bungalow. Lumber is cheap at Redondo, as there are three sawmills located at Redondo, at which lumber schooners are daily discharging their cargoes.

If Russell Sage, the multi-millionaire of New York told you that you could make a fortune in suburban real estate (especially when it costs you only \$4 down and \$4 per month) wouldn't you be impressed? Well, listen! That's just what Mr. Sage did say in the New York World of September 28, 1908: "Young man, buy real estate, especially acre property, in the sunny bungalow, and then work hard at your usual avocation. Your real estate purchases will make your old age comfortable." Russell Sage.

## BRIGHT WOMEN WILL SPEAK.

State Sunday-school Meeting  
on Monday.

Methodists Will Build First  
Church at Altadena.

Calvary Baptist Dedication  
Sunday Morning.

While the time set for the opening of the State Sunday-school Convention is Tuesday morning, the first session will be actually held on Monday afternoon in the First Methodist Church.

Mrs. J. W. Barnes, who has charge of the work among the juniors, for the international association, will arrive this morning by the Santa Fe, and will have direction of the Monday-afternoon meeting. She and Mrs. Zella Foster, of Fresno, the special primary worker, will be the speakers at a meeting held on Monday night. Both are prominent in the work and are attractive and instructive public speakers.

The first talk in the afternoon will be by C. D. Meigs of Texas, who will tell how to teach with chalk. Mrs. Stevens, Mrs. Barnes, Mrs. Emma E. Fuesell and Mrs. C. A. Baskerville will be the other speakers.

Both of these Monday meetings bear directly on work among the smaller scholars, and it is desired that all interested teachers and officers be in attendance.

The regular sessions of the convention will begin at 9 o'clock on Tuesday morning and close with Dr. Robert McIntyre's famous lecture on "Butterfly People" in Simpson Auditorium on Thursday night.

ALTADENA METHODISTS.

WILL ERECT FINE BUILDING.

The Methodists are about to build a handsome church at Altadena, where they have been holding services in the schoolhouse. They have purchased a large lot at the corner of Calaveras and Davis streets, and will at once take up the work of raising funds for the new church. A handsome plan has been adopted, which will cost about \$500, and will make Altadena's first church an ornament to the community.

Last night the promoters enjoyed a banquet at the Mariposa Hotel, about 125 guests sitting at dinner. The plans of the new church were shown to the admiring crowd, and after dinner speeches were made by Dr. E. Elliott, pastor of the First Pasadena Church; Rev. O. T. Nichols, pastor of the new congregation, and Dr. E. A. Thompson, president of the Pasadena district.

CALVARY BAPTISTS.

WILL DEDICATE TOMORROW.

Calvary Baptist Church, Boyle Heights, will be dedicated tomorrow morning at 11 o'clock, the dedicatory sermon being preached by Dr. H. Lewis Smith of Los Angeles. Dr. H. Russell Greaves of Monrovia will preach in the evening.

The pastor is Rev. William H. Walker, Jr., and he has arranged for a whole week of services for the church of the Holy Spirit following the dedication service. Monday night will be "Baptist night," Tuesday, "Boyle Heights night," Wednesday, "Calvary night," Thursday, "Young People's night," Friday, "Evangelistic night."

Different speakers are provided for each night and attractive meetings are anticipated.

RELIGIOUS BRIEFS.

RUSIAN COUNT WILL SPEAK.

Count A. M. Lohewitzky, who was a lieutenant-colonel in the Russian army, will address the men's meeting at the Y.M.C.A. on Sunday afternoon at 4 o'clock. He tells a thrilling story of escape from exile in Siberia.

Tomorrow evening the anniversary of the Congregational Chinese Mission will be celebrated at the First Congregational Church. Dr. Pond, superintendent of Chinese in California, will conduct the service, the main part of the program to be taken by members of the mission. There will be children in native costume and songs in Chinese. Eastern visitors are especially invited.

Rev. Arthur B. Phelps will speak at the vespers service of the Young Women's Christian Association at 4 o'clock tomorrow. All women are invited to hear his talk on "The Sympathy of Jesus."

"A Sure Way Out of All Trouble" will be the subject of a talk at Union Rescue Mission on Sunday evening, by Rev. William H. Walker of Hollywood. All the regular services of the mission will be held as usual.

Giles Kellogg will speak at the City Rescue Mission on Sunday evening. Tonight Frank Carpenter will tell "How Was Saved," and on Monday night Rev. George E. Foster will conduct the service.

The men of St. John's Episcopal Church will be addressed Monday evening by Prof. F. E. Owen, head of the department of Greek in the University of Southern California, on "Side Lights on Greek Literature." Dr. J. E. Cowies, one of the vestrymen of this church, has been invited to talk to the club on his recent trip to Hawaii. He is expected to speak of the volcanoes.

Dr. E. J. Bustin will begin an extended season of revival services in Highland Park tomorrow afternoon at 2:30 o'clock. A tent, which has a capacity of 2500 people, has been erected at the corner of Pasadena avenue and Avenue 54, and the churches of Garvan and Highland Park have united to make the revival a success. Dr. Bustin will be assisted by P. O. Gates, a singer.

The Bethlehem Institution fund grew slowly yesterday, and now foots up \$140. A more vigorous campaign will begin next week.

Boyle Heights Methodist Sunday-school has outgrown its accommodations, under the supervision of W. L. Cleveland, and plans are being considered for enlargement of the building. This school is now supporting two missionaries in Korea, one in China, one in Africa, one in India, one in Japan, and twelve orphans in various fields.

Reynold E. Blight will address the Los Angeles Fellowship, at Blanchard Hall on Sunday morning, at 11 o'clock, on the subject "Challenge of Democracy." Miss Helen Tappe, soprano, will sing "Grass and Roses," by Bartlett, with violin obligato, Alfred Walper, violinist, will play "Greeting" by Pfeifferkorn.

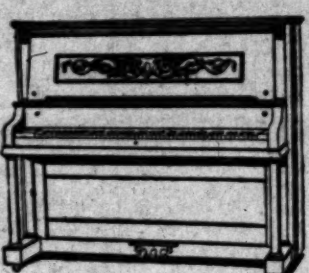

Ladies of the German Benevolent Society are planning to give a benefit ball on the evening of April 11 at Turner Hall, to celebrate their twenty-sixth anniversary. This society dates back to the time when Los Angeles was a mere village, and has enlarged and so broadened in scope, as to be a far-reaching and helpful charitable organization.

AN  
INCOME  
PRODUCING  
GROVE  
FOR  
\$300

TERMS: \$25 Down and \$10 Monthly  
On Lots of \$300 and Under

La Cadenena Park is radically different. There is no parallel proposition on today's market. Where can you buy an income producing mountain view lot \$25 down and \$10 per month?

Metropolitan improvements such as water, gas, telephones, electricity, cement walks and oiled streets go with these absurdly low prices.

We care for, irrigate, cultivate, prune, pick, box and market your fruit for you, turning over to you in dividends the net profits on every lot you buy. Experience has shown us these profits are from \$50.00 to \$75.00 a year per lot.

Your lot in La Cadenena Park pays you a big income while you hold it for its certain advance, instead of causing the constant expense of a bare lot.

#### State on South Main Street.

John Wagner has sold to G. R. Evans, through the agency of George A. Cortelyou & Co., a vacant lot on the west side of South Main street, about half-way between Twenty-fifth and Adams streets. The lot is 50 feet front on an alley. The consideration named is \$14,000, or at the rate of \$280 a front foot.

#### Mars Last Found.

Detectives yesterday discovered more foot which Charles Mars, who is held to answer to the Superior Court on a charge of burglary, is thought to have sold. Plans, saws, and chisels were taken from a store at Adams and Valencia streets and from a shop at Fifty-fourth and San Pedro streets. These will be covered as evidence against Mars when he is tried.

#### Ankle Bone Crushed.

Fred Hillman was taken to the County Hospital yesterday morning suffering from a fractured ankle bone. While at work as a stevedore at San Pedro he was caught beneath a swing load of lumber and suffered a fracture while being removed to Los Angeles. There is a possibility that his leg will have to be amputated owing to the splintered condition of the bone.

#### Buried Alive.

Raymond Morales, who lives at the home of Jose Estrada on North Hill street, was injured yesterday in a cave-in on Brooklyn avenue. Morales was buried beneath gravel and was rescued with difficulty by his fellow-workmen. When taken from the pit it was found that he had sustained a dislocated left hip and a fractured right leg. Morales was carried to First and Main streets on a Brooklyn-avenue car and then taken to the Receiving Hospital.

#### Insane From Love?

Oscar H. Kelsker was taken from his apartment at No. 232 North Olive street last night, to the Receiving Hospital. For several days he has been suffering from temporary insanity. He has been engaged in the real estate business here and friends declare that because a young woman rejected him, he became mentally unbalanced. He began to act queerly several days ago and had been gradually getting weaker. When the police were called to take him from the house he was unable to stand.

#### Killed on Way to Work.

J. D. Miller of No. 237 East Second street, was struck and fatally injured by a street car at Fourth and Savannah streets early yesterday morning. Miller was walking directly in front of a car proceeding along the opposite track. He was hurled by the gutter and terribly injured. He was removed to the Receiving Hospital and later was taken to a private hospital. He died while being removed.

## GENIUS TIRES OF THE TOWN.

### VULGAR MATTER OF MONEY IS CAUSE OF FLITTING.

Amateur Mars Retires Quietly from Los Angeles, Absent-mindedly Forgetting His Creditors—Some Whom He Would Call Bourgeois Are Longing for Him.

Amateur Mars, genius, has left Los Angeles. Like many another genius he overlooked sordid details in money matters. He will not come back. Many are sorry he went. It is an interesting story.

Mars, it will be remembered, was the central figure in a story a week ago. His stenographer figured in it, too. He was charged with battery and she was the aggrieved party. He loved her—but he had a wife and a daughter. And she loved a chauffeur. With the latter she ran away. There was a brief period of excitement. During this the young woman was detained in the care of the police matron, and later was freed.

But this was only an incident. Monsieur Mars, being a genius, got entangled in money matters. To understand what happened it is best to recall his history.

Mars is said by those who know the man to be a fictitious name. In New York he was known as Chavel. In Mexico he had still another sobriquet. He was well educated, knew several languages, and he had profound views of political economy. Such men, when they are sufficiently unfortunate to love pleasure and to yearn for power, money, to them is a cruel matter.

Mars underwent vicissitudes. New York and Mexico were the scenes of some of them.

He came to Los Angeles in 1899, prior to that time he had run "La France" in San Francisco. When McKinley was in California he had been in San Jose and had gotten up a book on that city. There was some complaint of vulgar matter, and he left Santa Clara county. The Supervisors of that county were mean enough to say that Mr. Mars had bilked them out of the amount. He came to Los Angeles.

He was always a politician here. He liked affairs with men of genius. He liked with one French paper; left it and then established "L'Avant." He overtook a Londoner at lunch. Many of the members of this colony are not men of genius. Some are butchers, some keep grocery stores, some run drug stores, one or two run saloons. They are men of the class which Mars would designate bourgeois. Money to them is a serious matter. They recognize its existence and most vulgarly are prone to like an apt to be the case with men of genius. But the man overcame them. Finally he made love to his stenographer. He got a few proprietors—such as the existence of a wife of his own and a daughter. And, of course, there was trouble.

At the same time he was most unfortunately mixed up in a stock deal. He accused of having sold a lot of stock and of not having turned in the money. He used Mayor Harper's name in the deal, it is said. One thing and another combined to make his life in Los Angeles and its vulgar people. I left last Monday. He probably will return.

Meantime a legitimate company has control of his paper, and this company is running it on lines which Mr. Mars might not approve, but they are lines of honesty if not of genius.

## MAN CRASHES INTO SPACE.

And Above Him Looms an Angry Red Face.

Wild Night Stir in Hotel Over Flat Deal.

Chicago Impatience Hard for Goldfield.

Early yesterday morning when the belated citizen was standing on Spring street waiting for the night cars that never come, a wild cry broke upon the air.  
Then away up on the side of one of the large downtown hotels, there was a crash of window glass and the figure of a man appeared for an instant on the fire escape. With a reckless plunge he cast himself into space; but he was intercepted by the fire escape on the floor below him.  
At the broken window, through which a brilliant light streamed, a big red face with lowering frowls appeared, and stepping out on the fire escape a bulky man peered over and watched the scene below.  
On the lower fire escape a smaller

his eyes spoke volumes. He asked for that list of his liabilities.  
In a low voice Hicks said that he did not have it prepared yet. "Red Fitz" said that bulge out over his collar in the rear shook violently while he controlled himself. He asked Hicks to come to his room, where they could talk it over quietly. Innocently and as the lamb led to the slaughter, Hicks went. As soon as they were inside Fitzgerald closed the door and turned the key.  
A "MAN-HANDLING."  
In a voice that made the chandeliers swing, he asked for the list of liabilities, and Hicks did not have it. With his last spark of courage he refused to give Fitzgerald a verbal account of his debts.  
Then followed a three-second pound of "man-handling." Hicks lost his collar and necktie, for Fitzgerald had yanked them off. Then Hicks got in the way of some straight-arm jolts, and breaking away from his would-be business partner, leaped wildly through the window out on the fire escape. "Red Fitz" is said to have followed him, and the frightened Hicks took pot luck and leaped downward. When he struck the fire escape on the floor below he beat his way through the window and entered the room of Frank Steele, a quiet, steady-going business man.  
Steele was in bed. He leaped to the floor prepared to grapple with the intruder.  
"Save me, save me," wailed Hicks, as he jumped into the arms of Steele. The latter was not accustomed to having a full-grown man throw himself violently at him, and dodged the impact.  
Seizing Steele by the shoulders, Hicks whirled him around facing the window, and carefully keeping the young business man between him and the spot where the terrible "Red Fitz" might

A. T. FITZGERALD of Chicago, who lost his patience with J. W. Hicks of Goldfield and playfully jumped out through a window.

man was frantically pounding at a window and demanding admission. "Then he looked up again and saw the red face."  
With a second wild cry he plunged through the glass and all into the room.

CHICAGO AND GOLDFIELD.  
This little piece of acrobatic work was simply an illustration of how big "Red Fitz" of Chicago, known in pete life as A. T. Fitzgerald, a business man, sits in a deal that does not move along to his own perfect satisfaction.

The smaller man who did the circus stunts on the fire escape was J. W. Hicks of Goldfield. Hicks and Fitzgerald met a short time ago and the bulky man from the wilds of Chicago stated that he felt the mood to make some sort of combine with the gentle Hicks from effete Goldfield.

Hicks has been in some kind of business in Goldfield the last year or so, and has had the greater part of his gumption extracted, while riding around corners to get away from I. W. W. agitators. Nevertheless, he thought an alliance with the "Red Fitz" would supply what gumption he had lost, and might work some of the business-savvy of the I. W. W. in Goldfield.

As a result he agreed to a combination.  
And "Red Fitz" smiled a large smile. He asked Hicks to give him a statement of his liabilities and the latter made an evasive reply. Hicks said he owed about \$500, but was under no obligation to pay it.

"Red Fitz" stated that if there is one thing in the world he despises it is an evasive answer, and Hicks agreed to gather data to make a concise statement of his liabilities.  
"RED FITZ' FOUTS."  
It was not forthcoming enough and "Red Fitz" became angry. He stated awhile and refused to eat, and his friends feared that he would go into a decline. He weighed only 245 pounds after a few days of this pointing, and his friends summoned the faithful Hicks again. "Red Fitz" redly stated and whistlers were thought to be a shade duller, and his complexion faded from a "carlet" to a faint crimson and then Hicks arrived.

"Red Fitz" met him dumbly and shook his hand without a word, but

## TIME DIVIDES SAME BLOOD.

Return of Hamilton After Years Away.

Many Relatives, but Cannot Find Them Now.

Curious Searching by This Native Son.

Returning to California after nearly a quarter of a century, surrounded by relatives—even brothers and sisters, some of whom he has never seen—James I. Hamilton, a publisher of puzzles and now a chef in the Alexandria Hotel, is practically a stranger in a strange land.  
But there is one difference. When he left home at 17 years of age with four double eagles and his father's blessing he went alone, but he had just returned bringing with him six other Hamiltons, including Mrs. Hamilton and three sturdy boys and two pretty daughters. Their home is at No. 467 Compton avenue.  
Born on the shores of Honey Lake near Mt. Shasta in Lassen county, February 23, 1867, Hamilton was brought up in the wilderness of Northern California where deer and grizzlies still wander, the lords over miles of roadless forests and mountains.  
Later the family moved to Chico and young Hamilton had his first experience of a backwoods school. His father had come across the plains in 1853 and had narrowly escaped 11 bullets of that party wiped out at the Meadow Valley massacre. But he took the northern route and is still alive and hearty with a new family of children growing up about him.

In 1883 the mother of Hamilton died and soon afterward his father married again, this time a first cousin of his first wife's. "That makes my stepmother my second cousin," said Mr. Hamilton last evening.

CALL OF THE EAST.  
In spite of this fact, however, young Hamilton was restless at home and wanted to get away. Sensibly his father prevented a more sudden departure by consenting that his son see the world before settling down. So one day he gave him some good advice, an invitation to return before long, his blessing and those four double eagles, the latter of which were particularly appreciated by the young man.

It was the civilized East which called to the boy of the wilderness and it was in that center of culture and speculation, Boston, that he eventually made his home. His genius for making puzzles by the camp fire expanded into a like genius for making more civilized dishes, especially as there was money in it.

Puzzling over the ingredients of fancy foods as he did in the spirit of the young Hamilton an interest in puzzles and he tried his hand at "king them" with the result that besides publishing a book of puzzles he supplied the rudimentary newspapers of Boston with the puzzles for their Sunday pages for many a week and month.

Then there came the wife and the family, and as the latter grew, so also grew the wish to return to the smell of the road and trees, the land of flowers and snow-capped mountains. The West called to him as once the sidewalks of the East had done.

"Besides I knew that there were many fine hotels out here now so that there would be no trouble in getting work," said Hamilton.

LOTS OF RELATIVES.  
In Southern California are the finest hotels of the kind in the world, and many of the relatives of Hamilton. Consequently it was to Southern California and naturally to Los Angeles that Hamilton came first. He has a brother, George H. Hamilton, chef at the Glenwood Hotel in Riverside; a sister in Butte City, Glen county; a number of cousins in Los Angeles and Hollywood, also an aunt and uncle in this city.

So when Los Angeles was reached he started to hunt up some of his relatives. He didn't know where they lived, but certainly in a little town like Los Angeles he could easily find them. But the "little town" which he had passed through in 1883 was as hard as one of his own puzzles to find anything in, especially some neglected relatives.

At last he discovered that his uncle was in a mining camp in Nevada, so he started west to find an aunt. He heard of her as living in the neighborhood of Georgia and Twelfth streets. With Mrs. Hamilton he wandered around a block or two and finally found an old woman who knew Mrs. George W. Judkins.

"But you can't see her," asserted his informant.  
"What, I can't see her? After coming all this way, too," exclaimed Hamilton. "I'd like to know why," he asked.

"Well, you can't see her because she is in the California Hospital undergoing an operation," retorted the old woman.  
And he hasn't seen her yet.

STILL A STRANGER.  
Neither has he seen his father, nor his step-mother, nor his own sister, nor his half brothers and sisters, nor numerous nephews and nieces, and cousins—nearly all of them Native Sons or Daughters of the Golden West. Pretty soon, though, asserts Mr. Hamilton, he is going to take a month off and devote himself to calling upon his relatives and renewing acquaintance with his father and introducing to him a number of grandchildren whom he has never seen.

Meanwhile his mental picture of a gathering of welcoming relatives and a heartstone surrounded by his sisters and his cousins and his aunts has not materialized.

"But I'm glad I'm back in California again, I say. And, say, you know William Lewis Douglas Hamilton, you get to be quick," and the namesake of the former Governor of Massachusetts scuttled away.

## THEY WANT OWENS RIVER.

King's Highway Members Unanimously Indorse Bonds and Hear About Water's Analysis.

"Owens River" water must come at any cost, was the sentiment expressed by the members of the King's Highway Improvement Association at a meeting held on Thursday night to discuss the subject.

This was a special meeting of the association, held in its new hall, No. 1000 Brooklyn avenue. A full and free discussion of the subject, and of the proposition to issue bonds to the amount of \$25,000,000 was invited, and there were many interesting expressions. The unanimity of opinion may be taken as a criterion of the sentiment prevailing all over Los Angeles.

An especially interesting address was made by Erwin M. Wade of the firm of Wade & Wade, who upon request of the Los Angeles Chamber of Commerce, had made analyses of Owens River waters taken at three different points.

He presented maps and charts which gave a forcible elucidation of the proposition, and also gave the results of his analysis of the waters.

These three samples were taken from Black Rock Springs, Lone Pine and Charlie's Butte. The one from Black Rock Springs showed: Calcium carbonate, 1.20 grains; magnesium carbonate, 1.10 grains per gallon; calcium sulphate, 1.10 grains; sodium sulphate, 1.10 grains; sodium chloride, .30 grains; sodium (potassium) sulphate, 4.10 grains; silica, 2 grains; total anhydrous mineral matter, 4.30 grains per gallon. Organic matter, inappreciable; iron and alumina, traces.

The sample from Lone Pine showed: Calcium carbonate, 5.30 grains per gallon; magnesium carbonate, 2.40 grains; sodium carbonate, 1.60 grains; sodium (potassium) sulphate, 4.10 grains; silica, 2 grains; total anhydrous mineral matter, 11.40 grains per gallon. Organic matter, inappreciable; iron and alumina, traces.

The sample of water from Charlie's Butte showed: Calcium carbonate, 5.30 grains; magnesium carbonate, 2.70 grains; sodium carbonate, 1.30 grains; sodium chloride, 2.90 grains; sodium (potassium) sulphate, 1.10 grains; silica, 1.10 grains; total anhydrous mineral matter, 11.40 grains per gallon. Organic matter, inappreciable; iron and alumina, traces.

The average of analysis shows a total mineral of 14.23 grains per gallon. The water of the Owens River, the present water supply of this city, shows averages of about 25 grains of mineral per gallon. In hardness, says Mr. Wade, the Owens River waters are less than one-half that of the Los Angeles River waters, and the hardness consists of very little calcium sulphate, which is the worst scaling-forming ingredient for industrial purposes.

## LIFE SACRIFICED AT SAN PEDRO.

HAWAIIAN BUG EMIGRANTS ARE DROWNED BY WHOLESALE.

Quantities of Tropical Plants Brought Home by Passengers on the Ohio Are Infested With Parasites and Ordered Thrown Overboard by Horticultural Commission.

Still another tale of woe has its foundation in the return of the "good" ship Ohio from Honolulu to the port of San Pedro, last Sunday. The fact has not been generally known, but many lives were lost right in the harbor of San Pedro—lives deliberately sacrificed by being cast overboard.

This was officially admitted yesterday by the members of the County Horticultural Commission—for the lives of "green growing things" fell under condemnation and suffered the death of strangulation in ocean's depths.

When the time came for sailing from the Hawaiian Islands there was a hurrying of Americans to gather in plants of rare species, beautiful ferns, strange and beautifully-colored coleus and crotons, odd varieties of palms, etc., until the Ohio, in certain sections, resembled a tropical greenhouse.

By courtesy of the managers of the expedition every passenger was allowed to bring a certain amount of this sort of "dunnage" aboard, and was given the privilege of placing in the hold one crate of pine apples. It was privilege duly prized and the collection of plants was something to wonder at. It may be recalled that stateroom space was at something of a premium on the Ohio, but, despite this fact, it is said that some of the lady passengers so prized their acquisitions of Hawaiian plants that they actually shared their berths with the things in order to get them on shore.

But while the ship lay in the harbor of San Pedro, and the health officer was examining the passengers, certain other duties were busy in the green house section, and their ultimatum caused dismay.

Florida red scale, purple scale, mealy bug, chionaspas, and various other parasites were found in the shipments. Some of these pests had never before been reported in California. Their introduction would mean the loss of many thousands of dollars to the horticulturists of the State. So the edict went forth: "Every parasite-infected plant or fern must be cast overboard."

Superintendent of the State Inspectory E. K. Carney, and Messrs. Jeffrey, Meserve and Strong, of the County Horticultural Commission, composed the inspecting party. At first there was an inclination on the part of some of the passengers to protest but the people of Southern California have had a long experience of education in the harmful possibilities of parasites that it needed only a moment's thought to let the better judgment of the passengers prevail.

Down to the bottom of the sea went thirty beautiful cocoanut palms, seven large ferns of tropical luxuriance and remarkable beauty; two fine crotona palms, four brilliantly-colored crotons, two lots of tropical bulbs, a lot of Hawaiian lily bulbs, two lots of oranges, two lots of green cocconuts and a miscellaneous lot of ferns and other plants.

Some of the passengers had taken the precaution to have their plant shipments inspected at Honolulu by Alexander Gray, former State quarantaine officer of California, but now superintendent of entomology for the Hawaiian Islands. Those who held his certificates of inspection were allowed to land their shipments without question.

Down in the hold were the crates of pineapples—a carload of them. These the Horticultural Commissioners had shipped to Los Angeles in a sealed car and here they were subjected to a cyanide fumigation before they were released.

## REAL RAFFLES IS CAUGHT.

Man of Fashion by Day and Thief at Night.

Romantic History of Daring Crimes and Escapes.

At End of Rope, but Bidding Police Defiance.

Living as a millionaire at fashionable resorts one week and looting houses in Los Angeles the next week—such is the dual life led by Leo Levy who is now in the City Jail and charged with burglary.

Levy is said by the police to be a member of a wealthy Oakland family. According to the prisoner's statements to the officers he is connected with wealthy families of San Francisco.

This wily burglar escaped from a penitentiary sentence here nine years ago; later leaped from a courtroom window and afterward secured freedom by jumping from a train on which he was being taken to the State prison. He now declares that he will never serve time.

When not engaged in house-breaking Levy lived as a retired business

LEO LEVY.

man of fortune and was able to bid defiance to the police. His capture was the result of real detective work and rivals the stories of fiction.

While loitering about the hallway of a Japanese boarding-house on North San Pedro street a patrolman recognized Levy from the descriptions given out at Central Station. The officer knew that it would be difficult to capture him and attempted to shadow him. The clever criminal realized the situation and fled.

Over fences, through piles of debris and in and out of back yards the officer chased Levy until he cornered him. There was a fight which lasted several minutes and then Levy was overpowered. He was taken to Central Station and booked on suspicion. The case was turned over to the detective department.

At the night of Levy Capt. Flammern recognized him as a man captured about nine years ago in an act of breaking into a desk in an office on East Fifth street. The captain says that Levy escaped through an infantry platoon and was set free by the corps.

In vain the officers sweated Levy. They did not learn much from him. He refused to talk. In an effort to discover some mark by which his identity might be established he was stripped. On his breast were found marks of the "sun cure" used by the United States army surgeons for consumption.

Levy had given his name as Joseph Lewis. With his description and his photograph officers visited various sanatoriums about Los Angeles. The first clue was secured at Pottinger's sanatorium in the foothills above Monrovia. But when the officers stated that the man they were seeking to identify was in the City Jail, the doctors of the institution were aghast.

POSES AS WEALTHY MAN.  
"Surely that gentleman, who has been here for years at a time, cannot be a criminal," they said.

Soon the detective ascertained that Levy had sold diamond rings that he had disposed of watches and that he had sold bits of jewelry from time to time. At last they gained the clue which led them to connect him with several Japanese robbers. Now it is believed that Levy can be connected with numerous other burglaries which have baffled the police.

Since Levy escaped from a courtroom in Sacramento he has been living in Seattle and Tacoma, the greatest cities of the time. He is well known at many points along the Coast, but used aliases which have seemed to afford him protection from the police. He has not associated with other criminals much and so has been safe from informers.

Among the names Levy used were Rosenthal, Meyers, Decker, Goldman, Lewis and Lathan. Levy was sentenced in Sacramento under the name of Lathan, about seven years ago, but escaped.

The warrant upon which the officers are now holding him is the burglary of the room of I. Osuka at No. 106 North San Pedro street. The crime was committed on the night of February 12. The officers say that other complaints against Levy will be sworn to by the police.

It is known that Levy has lived at the ship hotel in Venice and at several fashionable hotels in this city. He always assumed the role of a wealthy Chicago merchant, who, through illness, was forced to retire from business.

The accompanying picture shows him in the garb he used when committing burglaries.

NEGR0'S LEG BROKEN.  
Sip Perry, an aged negro living at the Hotel Saratoga on East Third street, was thrown from a wagon at Jefferson street and Vermont avenue last night and his right leg was broken. He is an express wagon driver. His horse became frightened and ran away. He was taken to the Receiving Hospital.

BROWN MAN IN JAIL.  
S. Maki was arrested yesterday on the suspicion that he has guilty knowledge of several burglaries of Japanese restaurants and poolrooms. In each instance only the cash register was disturbed. Maki is in jail pending an investigation of his record by the police.

## THE MAYOR AS CIRCUS EDITOR.

Comments on Eccentricities of the Showboys.

Ringmaster's Job Resembles Harper's Own.

Signs for a Giraffe to Use at City Hall.

BY MAYOR HARPER.

Well, that's a great circus, and it would seem to me that the whole thing is right. There's not much chance for a man to get in wrong on this kind of business unless he happens to step on the tail of a woman's dress, fall off a seat or stumble over a tent rope.

The outside of the circus, of course.

Our versatile mayor at his literary work.

looks a lot like the city hall with its shining roof, but the bunch inside is not as sure as what I'm against every day and night at the hall. When you see the side show, the first thing you see is there is Deacon Edwards; but when you go up to ask him how about some more furniture for my town office, you find it isn't the deacon after all, but a wonderful fat fellow that couldn't sit in my office without leaning against the walls on every side. It would seem to me that the single men would more than the deacon, and that Morris, the big fellow, looks like the general fund man when you want to buy anything that doesn't go to any department.

And then the Chicago spirit! for the show and he's a peach. I think I'll get him appointed something in the Police Commission so he can no one minded it any more, having grown used to it and being intent upon the delights of the show.

Mabel Rex, the five-gaited dancing horse, which is to be sold at auction in the ring tonight, is not quite like the full spirit of the occasion, and even seemed guilty of sulking at times while keeping a wary eye upon the new arrival. Very pretty, but she was, however, in her mincing steps and the swift, full stride.

And all was set to dash along played by the Shrine Band, the Catalina Band on ordinary occasions, W. N. Munich on Long Beach, in the character of Sis Hopkins, convulsed the front rows of the audience by bowing low before the boxes, and with a courtly air, removing the bushy black wig. For Shriner Munich's own hair is neither black nor numerous, and the sudden contrast was impressive.

Then Oscar Lawler, in tones more sonorous than he ever uses on a jury, announced the "main event."

The "main event," garbed in pink lights and pink ruffled skirts, entered in the wake of the white horse, about which the inimitable Youngworth had made his noble hit. The "main event" was Flossie Coppolino, alias A. J. Copp.

He rose to the occasion splendidly, and fell. Again he rose, and perched himself, once more coquettishly upon the back of the big white horse. Lightly, gracefully, he leaped the crimson banners held before him.

Marvelous evolutions were performed by the Bedouin Patrol, swinging swiftly, with a pat of hard-soled shoes from solid formation into crosses and circles, long lines swinging on their center, figures which formed and melted with bewildering rapidity.

This afternoon new wonders are promised for the special delectation of the throng of children who will fill the big tent. The charges of every institution for the care of the little ones are invited to attend as the guests of Al Malakha Temple of the Mystic Shrine. For all other children a special rate is made.

Tonight the wondrous Circus will end in a burst of jollity, fitting forerunner of La Fiesta, which is to come.

CAMBRO-AMERICAN MEET.

business wasn't really strong enough to make a city hall politician tell which way it was blowing. It didn't disturb the big crowd of 5000 very much, and the people soon forgot it, watching the circus men be boys again.

THE TRIUMPH.

While the camels in the menagerie of the Shrine Circus nodded their big heads sleepily and blinked with lazy scorn at the eager, hurrying throng of humankind that trooped into the main tent last night, the terror of ordinary circuses, wind flung itself boisterously upon the huge structure of timbers and canvas.

But as the circus was no ordinary circus, so, also, the tent was no ordinary circus tent. The stiff frame sagged tremulously. One triumph the strong breeze scored at last, late in the evening, by ripping one broad rent across the center section. The triumph of the wind was less complete than that of any other "participant" in the performance last night.

To greater heights of splendor, or more exasperating degrees of absurdity, than before, rose the doors of daring deeds and the makers of merriment. Even more like a mechanical spider at the end of a rubber string was Leo Youngworth in his aerial performance, claving through the atmosphere before or after the deed he ostensibly sought to ride.

"Heine" Krohn sought to add zest to his performance with a "Teddy Bear" by trying to make the animal bite some of the audience.

The amazing giraffes, the like of which were never seen in a circus before, nor on the plains of Africa, for that matter, provoked howls of laughter from the audience. In a nightmare, a realm of human imagination to which they seemed to belong, there would have been fearsome creatures, but prancing across the stages rings or stumbling across the stages there were things of joy.

The audience, which had almost been persuaded to be frightened a few moments before as the canvas ripped, in the wind, forgot the boisterous sport of the wind and laughed uproariously; and the laughter became a mighty shout as one of the weirdly comical beasts collapsed on the way out, becoming two scrambling shriners tangled in a whirl of spotted cloth, of giraffe neck and tail.

Above, the striped canvas whirled and rattled with an occasional splash like second-class stage thunder, but no one minded it any more, having grown used to it and being intent upon the delights of the show.

Mabel Rex, the five-gaited dancing horse, which is to be sold at auction in the ring tonight, is not quite like the full spirit of the occasion, and even seemed guilty of sulking at times while keeping a wary eye upon the new arrival. NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

PHYSICIAN HURT  
IN COLLISION.STRIKES CAR AND IS THROWN  
OUT IN PASADENA.

His Team Takes Flight, Runs Away  
and Causes Wagon to Bump  
Against Electric Vehicle—One Animal  
Killed by the Blow—Water-  
house Forces to Contest Late Election.

Office of the Times, No. 12 S. Raymond Ave.  
PASADENA, April 5.—Dr. F. M. Green of No. 12 S. Raymond Ave. was seriously injured in a collision between his wagon and an electric car at the corner of Oakland Ave. and California street last night.

Dr. Green was returning from his ranch on a farm wagon when the horses, a spirited pair, took fright at a passing car. Before the driver could get them under control they crashed against the car, throwing the occupants to the ground.

Dr. Green was momentarily stunned by the fall, but his son escaped without injury. One of the horses, a valuable animal, was instantly killed, while the other was slightly injured. The wagon was damaged and the car was thrown into the air.

Dr. Green was at once removed to the Receiving Hospital, where Dr. Grinnell attended him. He was found to be suffering from multiple lacerations and also from a badly sprained arm. It is also feared that he may have sustained internal injuries, although it will be necessary to wait further developments to determine it.

After being treated at the Receiving Hospital Dr. Green was removed to his home in an ambulance, where last night he was reported to be resting as comfortably as the latest in the circumstances.

**WILL CONTEST ELECTION.**  
It was announced yesterday afternoon that the Waterhouse family will contest the election of Thomas Early as Mayor as well as that of Mr. Winner as Councilman of the Fifth Ward. There have been rumors that the contest ever since the election, but it was not until yesterday that a final decision was reached.

The claim is made that many of the Waterhouse ballots were thrown out should have been counted, that they were not properly marked. It is understood that the action is taken on the advice of former City Attorney Fitzgerald, who believed that many votes were wrongly thrown out.

At the Citizens' headquarters the report of the contest has not caused any uneasiness and one of the prominent factors in the contest is the fact that the Waterhouse family believed that a recount would increase Early's lead rather than help him.

One of the points cited by the Waterhouses as supporting their contention is the fact that the election officials were Waterhouse men. It is claimed that they would certainly have given the Waterhouse family consideration which they legally could and any gain to Waterhouse accruing from a recount is scoffed at.

In the Fifth Ward it is claimed that Root stands a fair show of winning over Winner, but the Waterhouse forces have the feeling that the Waterhouse candidate will be declared elected. On the whole, there is a general opinion that the recount is more to satisfy the people than for any other purpose.

**GO TO SEE POSIES.**  
The second day's session of the flower show was well attended yesterday. The fame of the exhibit had become known broadcast and the doorknobs had a busy time handing out tickets to those who demanded admission. The flowers have retained all of their regular and were as bright and beautiful as when first plucked.

One of the notable exhibits of the show is the artistic lily pond in the center of the tent. The pond was designed and constructed by the late Mrs. F. N. Nilsen, gardener for M. L. Williams of South Grand avenue. The pond, with its playing fountain, has attracted much attention and is one of the sights of the show.

Among the different districts which have taken honor at the show, the district of the Maryland Hotel, Mrs. Harrison of Chicago was the hostess at a large reception given in honor of the Rt. Rev. Thomas J. Conaty, bishop of Monterey and Los Angeles and the Rt. Rev. Henry de Silva, bishop of Trinitopolis and Lisbon.

The sides of the music-room were artistically decorated with ferns and palms, and throughout the room were vases of roses. The tea tables were hidden in one corner by a network of Japanese screens, and the tables were decorated with jongs and bows of white tulle.

Mrs. Harrison wore a beautiful imported gown of black chiffon and white lace. Revolving with her were the two guests of honor, wearing their robes of state and the Count of Fanta Eulalia, the representative of the King of Portugal, in his full court costume.

Other members of the receiving party were Mrs. Taft, the mother of Secretary Taft, Judge and Mrs. William Wirt, Dr. and Mrs. Edwards, Mr. and Mrs. Lewis Lullier, and Mrs. Arthur A. Eddy, and Mrs. John Mitchell, Mr. and Mrs. George Rumsby, and Mrs. Tracy Drake.

**PASADENA NOTES.**  
Mrs. William A. Scripps of Alhambra entertained the members of the Tuesday Afternoon Bridge Whist Club yesterday. The rooms were prettily decorated with roses and ferns and five tables were arranged for the games.

The members of the Junior Endeavor Society of the First Presbyterian Church held a social affair at the church parlors yesterday afternoon and evening. There was a gypsy fortune teller, a grab bag and many other attractions that go with a county fair.

Mrs. Charles Daggett and Benjamin Chambers Evans gave a tea and private exhibition of paintings yesterday at Mr. Brown's studio on South Raymond avenue. Mrs. William Stanton and Mrs. Penner presided over the tea tables, and Mrs. Edward Greenwald and Mrs. Robert Rowan dispensed the punch.

Mrs. Della Wood Gordon of North Raymond avenue announces the engagement of her daughter, Mabel Adelaide, to Harry Leo Mount. The wedding will take place early in May. Miss Ina Goodwin and Abraham Miller are to give a recital program.

LONG BEACH, April 5.—Elmer Emerson, a painter employed by the Long Beach bath-house, was scalded this morning and narrowly escaped death by the bursting of one of the 300-barrel tanks in the engine room.

The tanks supply the plunge with hot water, and the accident occurred at 7 o'clock this morning, when one of the tanks burst, with a terrific report, flooding the room with scalding steam and breaking out the windows on the north side of the building.

Emerson was at work near the tanks and was badly scalded on one side. In his haste to escape, he struck his head against a plank extending out between the tanks, and the blow caused a deep laceration on the top of his head and down over his forehead.

ORGANS  
\$1.50 and \$2.00  
Per Month

Entire Car Load to Be  
Sold at These Figures.

A large organ manufacturer shipped  
a carload of organs by mistake  
and we had more than twenty good  
second-hand organs in stock besides  
which had been taken in exchange  
on piano sales.

We don't care to carry these or-  
gans in stock, as we need the valua-  
ble space for our large piano business.  
We will close out the entire lot at  
25 to 50 per cent. of their original  
values and on such small monthly  
payments that a child can buy one.

People who don't feel like buying  
a piano can now buy one of these  
beautiful organs and we will take it  
back at the purchase price toward a  
piano any time within three years.

Here's a rare chance for lovers of  
organ or sacred music to secure a  
fine organ for almost nothing.

VENICE.  
VENICE, April 5.—Work is being  
pushed on the construction of the  
boulevard between the city and the  
beach. The street is being  
paved with concrete and the  
route following the beach. The  
route will be a favorite drive for auto-  
mobiles and will give them a change  
of route between the beach and Los  
Angeles.

OCEAN PARK, April 5.—Ocean  
Park's school trustees are nothing if  
not gallant. They have chosen Miss E.  
French for school census marshal and  
in a few days she will be busy with  
the enumeration of the children of  
school age.
